

Information and communications technology (ICT) business model creation

Extent to which ICT enables new business models | 2014

ICT organisational model creation

Extent to which ICT enables new organisational models | 2014

Data sources:

Global Innovations Index

Measurement notes: ICT business model creation is based on the average answer to the question: In your country, to what extent do ICTs enable new business models? [1 = not at all; 7 = to a great extent]. ICT organisational model creation is based on the average answer to the question: In your country, to what extent do ICTs enable new organisational models (for example, virtual teams, remote working, telecommuting) within businesses? (1 = not at all; 7 = to a great extent).

Minimum coverage: The indicator covers at least 39 Council of Europe member states.

CULTURE → Economic → Cultural industries → *Size of the cultural industry*

Description: The economic significance of culture in a given country is very likely to be reflected in the size of its cultural industry, that is, the number of cultural facilities and employees in the cultural sector, both in the public and private spheres. This indicator is built upon data regarding the number of new cultural enterprises and employees in the cultural sector, the share of employees that work in the cultural and creative sectors, and the average annual growth rate of the publishing sector.

Collected variables:

New enterprises in cultural industries

Number of birth of enterprises at time in arts, entertainment and recreation | 2013

Employment in cultural sectors

Number of persons employed in selected cultural sectors as a share of total employment | 2015

Employee share in creative sector

Share of employees that work in creative, arts and entertainment activities | 2013

Employee share in culture sector

Share of employees that work in libraries, archives, museums and other cultural activities | 2013

Growth rate publishing sector

Average annual growth rate of number of (publishing) enterprises | 2013
